

# Mānuka Charitable Trust & Te Pitau Ltd.

He toa kei te kokiri | To Protect, Preserve and Enhance  
the Mana and Mauri of our Mānuka Treasures

## Naumai mai haere mai – introducing Mānuka Charitable Trust

**The Mānuka Charitable Trust was established in 2020 as kaitiaki to lead the mahi through engagement / consultation, in order to identify an enduring governance model with broad Māori support. It took over the work started by the Mānuka Honey Appellation Society and is supported by a Government investment administered by the Provincial Development Unit. Ten trustees oversee and guide the work and its operating arm Te Pitau.**

### **Collaborative Approach to addressing Protection of Mānuka**

The Trust will support iwi, Māori industry and Government to work together to protect our taonga globally.

### **Regional Hui and Future Reporting/Feedback**

- We intend to hold a series of specific hui over coming months regarding protection of Mānuka and related Mānuka issues for iwi, hapū, trusts and incorporations and other Māori interests.
- These hui will also provide participants the opportunity to register for ongoing updates and feedback on the engagement process.
- These workshops will be for technicians, and experts, working with iwi, hapū, trusts and incorporations, Mānuka bee keepers and kaitiaki progresses.
